- The number of days needed to repair the vehicle;
- A whole day shall be taken as being 8 hours of work of the mechanic who is in charge of repairing the vehicle;
- The quantification of the daily rate of renting the vehicle; and
- A fixed rate of 40 euros a day that the vehicle cannot be used shall be charged as compensation, which is the same as if the vehicle had not been returned, the damage suffered by Goldcar would be the same in the two cases.

Except for 4.2i), the additional fees that the Client is charged pursuant to point 4.2 cannot exceed the market value of the vehicle, which is calculated according to the Blue Book value at the time of the accident.

4.3 Method of payment

The credit or debit card with which the reservation is made must be shown by the holder when they pick up the vehicle. The holder of the card must make sure that it is used pursuant to these General Rental Conditions (deposit, withdrawals, etc.); so that no damage is caused.

5 RETURNING THE VEHICLE

The two vehicle return systems involve checking the fuel level when the vehicle is returned, the refuelling and the use of the flexible hour service.

Clients can choose either of the two vehicle return systems:

- The fast return system (referred to hereinafter as the « **SDR** »), which is covered in article 5.1 below; and
- The classic return system (referred to hereinafter as the « **SDC** »), which is covered in article 5.2 below.

Whatever vehicle return system chosen, Clients must return the vehicle hired in exactly the same state, apart from the

mileage, with all the accessories (documents, tyres, tools etc.) to the place, on the date and at the time provided for in the Agreement.

Clients cannot change the inside and/or outside appearance of the vehicle or any of the accessories that it has.

Except for in cases of force majeure, Clients shall be expected to pay compensation for the costs incurred in restoring the vehicle and for the damages suffered by Goldcar for not being able use the vehicle that is immobilised and the time taken to repair it according to the terms established in article 4.2. (i) of the General Rental Conditions.

5.1 The SDR

The SDR is a service through which Clients can collect the vehicle with a full tank of fuel and then return it without having to worry about the fuel level.

The SDR also includes the «flexible hour» service through which the Client can return the vehicle outside the business hours of their local Goldcar office. NB: The «flexible hour» service is only available at certain Goldcar offices, which Clients must be aware of when they sign the Agreement. Clients who have already paid for the full tank of fuel shall be paid back for the amount of fuel that is left in the tank when the vehicle is returned.

The price of the SDR depends on the model of the vehicle hired, the fuel tank capacity, the price of the fuel when the vehicle is returned along with the processing and logistics expenses (FGL), according to the following formula: $SDR = \text{fuel tank capacity (in litres)} \times \text{Price (in euros per litre)} + \text{FGL}$. The fuel tank capacity (in litres) depends on the model of vehicle. The prices (in euros per litre) are available on the following website: <http://www.prix-carburants.gouv.fr/>. The processing and logistics expenses (FGL) for each model of vehicle are published on the following website: <http://www.goldcar.es/fr/sdr/>.

5.2 The classic return system (SDC)

The SDC is a vehicle rental service without any of the following services: refuelling, delivery or fast return, «flexible hours».

The SDC requires Clients to return the vehicle with a full tank of fuel just as it was when it was collected.

Nevertheless, Clients must leave a deposit for the value of a full tank of fuel when they pick up the vehicle. This will be returned when they drop off the vehicle and the fuel tank has been checked to make sure it is full.

If the fuel tank is not full, Goldcar shall be entitled to deduct the price of the fuel that is missing and also, without prior notice, a fixed rate penalty of 50 euros for the processing fees, which Clients accept.

If the deposit is for less than the amount due, Clients accept in advance that the difference shall be taken from the bank account that was used to pay for the vehicle hire. If Goldcar does not uphold its obligation to hand over the vehicle with a full tank of fuel, the Client shall be compensated with double the amount needed to fill up the tank.

6 CONSEQUENCES OF A DELAY OR NOT RETURNING THE VEHICLE TO THE PLACE ESTABLISHED IN THE AGREEMENT

6.1 If there is a delay in returning the vehicle

If the vehicle is returned at a time that is different to the one established in the Agreement, namely the courtesy time period of 59 minutes, Goldcar is entitled to deduct the amount for renting the vehicle for an extra day from the Client's bank account. The same applies for each extra day, every 24 h, from the date and the time initially agreed upon to return the vehicle. On top of this a fixed rate penalty of 40 euros shall be charged for each day late as compensation without prior notice being given to the Client.

A Client's bank account shall not be debited for any amount if they can prove that the delay in returning the vehicle was due to force majeure. On the other hand, if Goldcar is later than 59 minutes in giving the vehicle to the Client, they shall be compensated with one day of rental for each 24 h period, and proportionally for the time period of less than 24 hours. Goldcar shall not be exempt from this obligation unless it can prove that the delay was not its fault or it was due to force majeure.

6.2 If the vehicle is not returned to the place established in the Agreement.

If the vehicle is not returned to the place established in the Agreement or if it is abandoned Goldcar is entitled to cumulatively demand the following amounts:

·The rental price for the extra days needed to recover the vehicle and restore it to a decent state to hire again;

Compensation of 40 euros a day for not being able to use the vehicle; and

·The transfer/ tow truck expenses incurred to get the vehicle back to the drop-off office established in the agreement, as well as, if necessary, the toll and the storage fees.

Clients shall not be expected to pay anything if they can prove that the vehicle was not returned to the hire office established in the Agreement due to force majeure. Failure to return the vehicle could give rise to legal, civil or criminal proceedings being taken, which shall be determined by Goldcar.

Pursuant to article 2.2 of the General Rental Conditions, if the rental period is prolonged without Goldcar having agreed to this in writing beforehand it shall be considered that the vehicle has not been returned in accordance with this article.
