8.3 Specific terms of the "Upgrade" product.

Where available at the time of the pick up of the vehicle, the customer may request the so-called "upgrade" product, which upon payment of an additional fee, compared to the one budgeted (or paid in the case of pre-paid reservations) at the time of booking, allows the customer to rent a vehicle of a higher category than the one selected by the client at the time of booking.

In particular, the product is subject not only to the mere physical availability of the higher category vehicle at the rental office, but also to the availability of the same for the upgrade product (i.e., vehicle not already assigned to another reservation). The availability of vehicles for the upgrade will be reported by Goldcar staff. The cost - additional to the rental cost budgeted (or paid) at the time of booking - will be quantified by the Goldcar staff in charge of delivering the vehicle, through the application of a supplementary rate, which will result in an overall discounted cost compared to the rental cost applicable for the rental of the vehicle of a higher category - for the same rental period - to customers so-called walk-in (rental without reservation).

To this end, Goldcar staff will quantify the cost of the "upgrade" including the same ancillary services (e.g. winter equipment, protection packages, etc.) provided in the original reservation. Should the Client wish to purchase the upgrade product by waiving one of the ancillary services provided in the reservation, this will be possible only upon the issuance of a specific written statement to that effect by the Client.

In the event of purchase of the "upgrade" product on the rental letter will be indicated, in the "Charges and Extras" field "vehicle rental rate" the cost of the rental as quantified at the time of booking, as well as under the field "upgrade", the integration of the cost of the rental due in consideration of the purchase of the upgrade product. In addition, in the case of rentals that provide optional protections, the cost of such protections as quantified at the time of booking will also be equal to any increased cost of the protection due to the variation of the rented vehicle (and without prejudice to what is stated above with respect to the fact such increased amounts will be quantified by Goldcar staff to the Client already at the time of estimating the cost of the product).

9 – Am I provided with winter equipment?

The customer is made aware by Hirer of the personal, and safety risks involved in case of infringement to the imposition of fines of the obligation to drive the vehicle with the necessary winter equipment, in particular, in the period between 15 November and 15 April of each year.

Snow chains: In the period between 15 November and 15 April of each year, our vehicles are equipped with snow chains only at the customer's request and subject to availability, except for rentals made at stations located in Piedmont, Valle d'Aosta, Lombardy, Veneto, Trentino Alto Adige, Friuli Venezia Giulia and Emilia Romagna and in the province of L'Aquila, where snow chains are provided by default.

In any case, where available snow chains will be provided to the customer for free.

The customer may request the rental of the snow chains either during the booking process or at the pick up of the rented vehicle (subject to availability).

Failure to comply with the rules on the use of the winter equipment shall determine the inapplicability of any liability limitations/ waivers for damages included within the Options of limitations of responsibility and in the Additional Covers eventually subscribed.

·additional mileage over and above the mileage that is included in the rental price (if any);

·the following additional specific fees and charges (i) extra charges linked to the rental made in stations located in airports or rail stations; (ii) the cost to return the Vehicle to a rental station other than the one from which You picked it up; (iii) charges arising from the extension of Your rental.

·In all cases in which the Rental Period exceeds 28 days and You, or any other Driver, have the continuous and exclusive availability of the vehicle for a period longer than 28 days, You will be required to perform, at your own duty and expenses (if any), in the manner and within the time required by the applicable laws, the formalities requested for the update of the National Vehicles Register as provided in articles 94, paragraph 4-bis, of the Italian Traffic Code and art. 247 bis of Presidential Decree No. 495/1992, providing promptly to the Hirer, when requested by the latter, with copy of the documents proving the fulfilment of the above mentioned obligations.

In case You fail to perform the above-mentioned obligations, You shall indemnify and hold harmless the Hirer against any prejudicial consequence occasioned thereby.

12 - What should I pay attention to when picking up and returning the vehicle?

a) Pick Up

Before signing the Rental Agreement the Hirer will provide you, by email, with an electronic copy of this Terms & Conditions, together with the Tariff Guide, a copy of your Rental Agreement and a statement of the vehicle conditions (the so called “checkout document”), as assessed by our external provider prior to your rental, during the vehicle preparation. A hard copy of the above mentioned documents is available for you on request in case you have no access to your email at pick up time.

Then you will be asked to sign electronically the above mentioned documents including the document describing the Vehicle’s condition at the time of the check-out and you will receive an hard copy of your digitally signed Rental Agreement and checkout document.

By signing the checkout document, You confirm to have received it and to have understood that before leaving to the parking lot You have to check that the vehicle conditions are consistent with what is reported with the checkout document and, in case You notice any apparent defect or damage that is not described in the checkout document, or that the Vehicle is not clean, You should notice and inform of such circumstance our staff before leaving the parking in order to insert the damage on the informatics system of the Hirer and obtain the release of a new and updated check out document

Failure to request the above mentioned notice for this additional apparent defect or damage, before leaving the parking lot, entitles the Hirer to assume that You have accepted the Vehicle in the condition set out in the Rental Agreement and checkout document and charge You, pursuant to article 1588 c.c. and subject to the conditions set forth in clause 13 below, for any new damage that could be noted by You and the Hirer agent when the Vehicle is inspected by both parties at the time of its return.

In the unlikely event that our systems are not fully operational at the time of the rental, you will provided with an hard copy of the above mentioned documents and our staff will perform an inspection of the vehicle together with You in order to complete the checkout document. Then you will be required to sign physically all the above mentioned documents.

The vehicle must be picked up in the same day indicated by You during the booking process within six hours, from the time indicated during the booking process and in any case during our business hours. After that time, the Hirer does not guarantee the availability of the Vehicle at the rental station.

If the pick up should not take place, and you have not cancelled your reservation, the Hirer reserves the right to partially or totally hold the prepaid amount, as penalty (No Show Penalty). For more information please see the Cancellation policy and our reservation terms and conditions.

b) Return

i) Return of the Vehicle during opening hours of Hirer’s station

You should return the Vehicle to the Hirer station as stated in the Rental Agreement, at the latest, on the date and at the time shown on the Rental Agreement.

The Hire Period will end when You return the Vehicle to the Hirer station and hand the Vehicle keys and the registration documents to a Hirer agent or its representative.

Any return of the Vehicle at an earlier stage than the date and time mentioned on the Rental Agreement shall not give way to any reimbursement.

The Vehicle shall be returned by the Client in the same condition it was at the pick up time, except for the normal deterioration due to use of the Vehicle.

When You do return the Vehicle to the Hirer, You should take the opportunity to inspect the Vehicle together with the Hirer agent or its representative and countersign the “check in” form.

Please be informed that during the rush hours of the peak seasons you may be requested to wait 20/30 minutes before the inspection is performed.

The Hirer will send You a digital document where the Hirer declares that the Vehicle was regularly returned to the Hirer..

ii) “Out-of-hours” return Service

The Hirer recommends to return the Vehicle during opening hours of its stations. However, to meet the specific needs of some of its clients, the Hirer offers, in certain stations, an additional “out-of-hours” service.

If You opt for this “out of hours” service, You accept that the Vehicle condition report can be drawn by the Hirer agent or its representative without your presence and after the drop off the keys.

In stations offering “out of hours” return services, the above-described procedure (see point 12)-b) i)) was adapted to enable these stations to offer this service in the best possible conditions.

In particular, You have to declare any incident and/or Damage that affects the conditions of the Vehicle on the “CAI form” that is on board on the Vehicle.

Depending on the available systems and the information that You will have received from the Hirer, this document must be left in the Vehicle or returned with the keys in the “keys drop off box” provided for that effect.

Please note that your Rental Agreement does not automatically end when You drop off the keys: the Vehicle will remain in the parking space where You will have parked it until opening of the Goldcar station that will proceed to the inspection of the Vehicle and close your Rental Agreement. Therefore, the Hirer reminds you that you must park the Vehicle in an area provided for that purpose and in a manner so that the Vehicle is not a danger to others or hampers traffic as aimed by the Highway Code. You must also leave the Vehicle registration papers in the glove box.

Providing that the Vehicle is inspected at a later stage – during opening hours of the station – the Hirer recommends You to take photographs of the Vehicle in order to keep evidence of the state of return of the Vehicle once it is parked and before the drop off of the keys.

Once the inspection is made and in the absence of damage, Goldcar will send You a signed document where it will be declared that the Vehicle has been regularly returned.

iii) Return of the Vehicle without your presence and during opening hours of the Hirer’s station.

If you are unable and/or refuse to inspect the Vehicle together with the Hirer agent or its representative, the Hirer is authorized to inspect the Vehicle itself without your presence and to register your refusal of a contradictory inventory.

The same procedure as the one described above will be applied (See 12)-b) ii)).

iv) Late return of the Vehicle

In the event that the Vehicle is not returned on the date shown on the Rental Agreement, and if a period of 29 minutes elapses without there being any news regarding the delay in its return, the Hirer will be entitled to acknowledge the expiry of the Rental Agreement or, in any case, declare the same terminated pursuant to and by effect of article 1456 c.c. and regard the Vehicle as having been unlawfully appropriated and shall report this to the competent local authorities.

The Hirer will also be entitled to start legal proceedings in order to claim the immediate return of the Vehicle. In such case, protections and additional contractual services would have no effect.

In such case the circulation of the vehicle shall be considered as against the will of the Hirer and the latter will be entitled to charge You in addition with a penalty amount equal to an additional day for each rental day at the rental tariff in effect plus 40 euro (Vat Exempt) per extra day and claim to You all the damages and losses suffered by the Hirer and all the fines, tolls, penalties or sanctions that fall on the Vehicle as a result of demands issued to it by public administrations for the purpose of identifying the perpetrator or clarifying other circumstances relating to a breach or criminal offence, also with reference to non-compliance with the provisions laid down in articles 94, paragraph 4 bis of the highway code and 247 bis of Presidential Decree no. 495/1992.

Redelivery of the Vehicle in case of application of sanitary measures related to the health emergency Covid 19

If, on the date set for the return of the Vehicle, you find yourself subject to sanitary measures related to the Covid-19 such as to prevent you from personally fulfilling your obligation to return the Vehicle (such as quarantine, trust isolation, etc.), you may:

- a) delegate, under your own responsibility, a third party to return the vehicle; or
- b) request a contractual extension - with application for each day's extension of the same daily rate for the rental and for the ancillary services originally planned for your rental - to return the vehicle personally at the end of the sanitary measures; or
- c) purchase the additional pick-up service of the vehicle, the amount of which is indicated in the Goldcar Price List.

In any case, if you are in the condition described above, you should contact the Goldcar's rental station where the vehicle shall be returned, which will provide you with the information and forms to communicate your choice".

v) Use of applications and multimedia features accessible in the Vehicle When You rent a Vehicle, Goldcar may collect and process personal data concerning You and the designated Driver(s) (see section 23 below). Depending on the Vehicle rented, the manufacturer may offer multimedia applications and/or functions accessible from the Vehicle's dashboard (e.g. diary, video and audio streaming applications, entertainment, messaging, etc.) and may also allow you to download your own applications and/or content. When You choose to use these applications or functions, You are free to determine what information You wish to share via these applications. You are also solely responsible for resetting them before returning the Vehicle. In this respect, You are notably required to:- disconnect Your accounts from the multimedia applications and features offered in the Vehicle;- end Your sessions on these applications and features offered in the Vehicle;- delete and purge all personal data concerning You from these applications and functionalities, including the dashboard, before returning the Vehicle. Goldcar accepts no responsibility if You fail to do this and cannot be held responsible for any subsequent use of Your accounts and/or access to Your data by third parties via these applications or features during a subsequent rental of the Vehicle. For more information on the conditions under which multimedia applications and functionalities can be reset and Your data deleted, please consult the Vehicle manual available from the dashboard or the manufacturer's website. Goldcar strongly advises You not to use these applications and/or functionalities if You are unable to delete all the information concerning You.

Common rules

In any of the above mentioned cases, at the time of the return of the Vehicle, You accept to be bound to release on the specific field of the Rental Agreement, or on the specific form available at the rental stations, a statement concerning any eventual accident occurred during the rental, or, that no accident occurred during the rental, and you can eventually enclose all the documents necessary in order to prove your reasons, being agreed that, in case of false declarations, or omitted declarations followed by a claim by a third party, the Hirer reserves its right to charge you with a contractual penalty for the amount as indicated in the Tariff Guide from time to time applicable.

In any case, The Hirer cannot be held liable for eventual property and/or objects You may have forgotten in the Vehicle.

Notwithstanding the above, the Hirer undertakes to inform You in case of found objects in the returned Vehicle, keeping them at Your disposal for the subsequent 15 days after the rental expiry. Expired this period, any objects will be considered as abandoned.

13 - Damages to the vehicle

You will be held fully responsible for all the damages found at the moment in which the Vehicle is returned, where such damage is not reported as pre-existent on the checkout document pursuant to article 1588 of the Italian Civil Code, while you are expected to demonstrate that the damaging event was not a consequence of Your behavior or omission and that you have kept the Vehicle in custody with the best diligence, taking into consideration the circumstances.

It is understood that the potential signing of any waiver/exemption will not provide for any reversal of the burden of proof.

In this case, You may pay the amount as defined below.

i) Damages identified upon return of the Vehicle and in your presence

If some damages are identified upon return of the Vehicle when the inspection is made, in your presence and in the presence of the Hirer agent or its representative, Hirer will hand in to You an assessment of repair costs that may be charged to You.

In order to limit the timing of the assessment of the damages (and the related loss of use), we will calculate the cost of damage from the Hirer Damage Estimation Matrix [Damage prices list](#), that can be found in Terms and Conditions Section on the Hirer website and/or at the rental desk. We inform you that the Hirer will not charge you for very small damages (less than 2 cm).

Under certain cases, and in particular for certain kind of light damages (damage called "light" and "medium" as specified in the Damage Estimation Matrix), the Vehicle will not be immediately repaired, in such cases we will not include the vehicle loss

of use in the damages quantification (also where the damages are assessed using the table matrix).

If it will be possible to quantify the amount of the damages at the rental station according to the above-mentioned procedure, such amount and the applicable damage administration penalty will be invoiced to you and charged on your credit or debit card at the moment of the check in of the Vehicle.

If You challenge Damages and their invoicing by refusing to sign the statement of return of the Vehicle, Goldcar will apply the procedure described below (see article 13)-ii).

ii) Damages identified in case of an out-of-hours return and/or without your presence.

The following procedure will apply if Damages are identified during the inspection of the Vehicle by a Goldcar Agent or its representative or by the car repairer without your presence (for ex. in case of an out-of-hours return, in case of hidden damages, etc.).

Our Company will engage an independent expert that will evaluate the damage cost, which will take in consideration our discounted costs and fees applied in our favor by the vehicle manufacturers or our repairers. It will be our care to communicate to you the amount of the damages in a second moment, together, with the following documents concerning such amounts:

- statement of return of the Vehicle describing all Damages identified;
- pictures of Damages;
- damage estimation

The above mentioned procedure will also apply:

- If the damage is not listed in the matrix;
- in case of road accidents involving third parties;
- in case of Damages identified and evaluated in your presence Using the Damage Estimation Matrix and challenged by you;
- in case You have purchased one of our additional coverages that (subject to the terms and conditions described in Annex 2) may exclude your responsibility for damages and you don't want to wait the time for the inspection.

You will be able to challenge Damages identified and their invoicing within 14 days after the sending (by e-mail or regular letter) of these documents by acting pursuant to dispositions of clause 24.

If You fail challenging or justifying within the above mentioned period of 14 days, Goldcar reserves the right to invoice you for the Damages and the applicable damage administration penalty to charge them on your credit or debit card (or by the different means of payment that you wish to use for the rental).

iii) Normal Wear & Tear

Normal wear & tear of the Vehicle include:

- Scratching of painted panel typically caused by small stone
- Dent on metal or plastic panels with a diameter of less than 2 cm without need of painting
- Scratch that penetrates the paint with a length less than 2 cm on painted panels or alloy rims

Further details on damages considered normal wear & tear and further example of the same are available at Hirer rental stations.

Damages having the above-mentioned characteristics, where detected at the moment of the return of the Vehicle, will not be charged to you.

iv) Common rules

Please note that depending on the Damage suffered by the Vehicle and the type of Additional Cover You have subscribed to with the Hirer (see the Appendix 2) You may or may not be charged for the full or for the partial amount of the cost of repair.

You accept at the date of the subscription of this T&C that all the charges that will result due, directly and indirectly, connected to the rental of the Vehicle, and even after the billing of the rental, will be made on the credit or debit card used as a guarantee for the payment of the pecuniary obligations arising from this T&C and from the rental agreement.

If You have a complain related to damages, their evaluation and invoicing, you can call our Customer Service, opening a ticket on the link <https://www.goldcar.es/it/incidencias>.

14 - What is expected of me regarding vehicle maintenance?

The Hirer accepts to undertake, according to article 1575 of the Italian Civil Code, to regularly perform the maintenance of the Vehicle, to provide you with the Vehicle in good maintenance conditions and to grant you an undisturbed possession of the Vehicle during your rental.

During Your rental, You must take all necessary protective measures to keep the Vehicle in the same condition as that in which You have taken possession. You should remain alert to any signal from the warning lights on the Vehicle's dashboard and take any necessary protective actions.

Any modification to or mechanical interventions on the Vehicle are forbidden without the Hirer prior written authorization. Should this rule be breached, You must bear the duly justified costs of restoring the Vehicle in the same state in which You have taken possession.

You will be liable towards the Hirer for any detrimental consequence arising out of any infringement to the above-mentioned maintenance obligations.

The accident report form must be signed by the two drivers involved in the accident. If there is no accident report form, the parties must complete a Claims Report that will be provided by the Hirer;

b) to alert the authority immediately if the guilt of the third party needs to be investigated or if anyone has been injured;

c) not to abandon the hired vehicle without taking due measures to safeguard it.

In case of mechanical breakdown or accident, which prevents You from continuing your travel and/or obliges you to stop Vehicle to prevent any breakdown, You are provided with an assistance service, included in the price of Your rental. The terms of this assistance are set out in Appendix 1 of the present T&Cs.

In the event of an act of vandalism, fire, theft or disappearance of the vehicle, customers undertake to notify to the Hirer of the event immediately and to report it to the authorities, sending a copy of the report to the Hirer as soon as possible

In the event that the Rental Agreement cannot be extended because of the unavailability of the vehicle or for any other reason, the Client shall return the Vehicle on the agreed date and time.

Depending on the Specific Condition arranged in the Rental Agreement, the Hirer may request to the client to signed a new and independent Rental Agreement.

18 - In which cases can the Hirer require me to return the vehicle during the rental?

The Hirer reserve its faculty, during the rental, to require the return of the Vehicle as to provide its substitution (e.g. in case the ordinary maintenance of the Vehicle shall occur, or where the Vehicle has reached a seniority/mileage in light of which it cannot be considered compliant with the standards of Hirer fleet). In this event, the Hirer will contact you as to agree the modalities of the restitution and substitution of the Vehicle.

Moreover, also in addition to other hypothesis of early termination provided under this T&Cs, the Hirer reserves its right to early terminate the rental, and to require the restitution of the Vehicle, pursuant to and by effect of article 1456 of the Italian Civil Code, following a simple communication by email, registered letter with acknowledgment of receipt, fax or telegram: i) in case of lack of payment, at the requested date, of any of the amount due by You pursuant to the rental, ii) in case of your refusal or lack of acknowledgment of a restitution request of the Vehicle for its substitution, iii) in case of breach of a singular obligation and duty provided under article 6 above; iv) lack, for any reason, of a valid method of payment for the rental (e.g. expiry of the credit card, insufficient plafond, etc.) and v) where You have undersigned an agreement with the Hirer or a form to access to the Hirer credit, also in those cases provided within such relevant agreement.

19 - What is the applicable fuel policy?

Please note that the rules applicable to fuel and refueling depend on the country in which the rental takes place and the type of rental product you choose. Please, carefully check the applicable rules for each rental you make.

All vehicles generally come with a full tank of fuel. Three different situations may arise:

1) Returning the Vehicle with the same amount of fuel:

- * We deliver you a Vehicle with a full tank of fuel or a specific level of fuel indicated in the RA;
- * You return the Vehicle with the same amount of fuel;
- * You do not pay anything for refueling or fuel charges.

Please note that Goldcar may require you to provide proof of fuel purchase (receipt).

2) Return of the Vehicle with a different fuel level than the one indicated at the time of pickup (Failure to Refuel Penalty).

- If the Vehicle is not returned with the same level of fuel as indicated at the time of pickup, You will be charged the cost of the missing fuel plus a penalty, the amount of which is indicated in the Goldcar Price List applicable at the time of return of the Vehicle.

The above penalty shall not apply to customers who qualify as consumers, and such customers will be charged with the cost of fuel, without prejudice to any other right or action with respect to the failure to comply with the obligation to return the vehicle with the same level of fuel than at checkout.

3) Smart return

In the event that you wish to agree in advance with Goldcar to return the Vehicle with a lesser amount of fuel than at checkout, so as to avoid incurring the Refuel Penalty, you may subscribe at the beginning of the rental the optional service called "Smart Return".

- Upon pickup, You will pay the service price as indicated in the Goldcar Price List.
- You may return the Vehicle with any amount of fuel in it.
- You will be charged the cost of the fuel used, calculated on the basis of the fuel prices indicated by the car rental company at the time of check-out, taking into consideration the fuel tank of the rented Vehicle and the fuel level shown by the Vehicle's fuel gauge.

Smart Drop-off Service is not available for customers who qualify as consumers.

20 - Must I pay a deposit before picking up the vehicle?

When You pick up the Vehicle, You have to grant a credit or debit card authorization for a deposit.

The deposit amount will be reserved on your credit or debit card (and not charged) and will not exceed the total amount of € 950,00, regardless for the Vehicle category.

Considering that the deposit is intended to grant the payment of possible charges due to damages/deterioration/theft of the rented vehicle, as well as for the cost of possible fuel and extra days, etc., the deposit amount is calculated taking into account of your liability (namely "Excess") considering the limitation of liability applicable to your rental, even with the regard

to the purchase of any optional Additional Cover, and the vehicle category.

On this respect, in the event you purchase the Relax, the Super Relax or the Mega Relax Cover that - subject to the terms and conditions set forth in Appendix 2 - may exclude your liabilities for damages to the Vehicle, you will not be requested provide us with a deposit to grant the relevant possible charges for damages.

In the light of the above, in the event You purchase the Relax, the Super Relax or the Mega Relax Cover the deposit amount will be reduced to Euro 300,00 (Relax) or to 100,00 (Super Relax and Mega Relax), regardless for the category of the rented vehicle.

In any case, the final amount is stated on the confirmation email which is sent to You when You make your reservation and in the Hire Agreement. Please note that deposit will be released at the end of your Hire Agreement if no other costs are payable.

Please be aware that in case You have purchased additional covers from any third party (as a broker or a travel agency), this covers may provide you for a refund of our charges (for example in case of damages) but don't limit your liabilities vs the Hirer and, as a consequence, you will be requested to grant the deposit in full.

21 - Can I pay my rental with a foreign credit or debit card?

The credit or debit card used to make the reservation should be presented by the cardholder when the vehicle is collected. The credit card used should be in the name of the same person taking out the rental agreement.

Payment for rental Vehicle and any additional items can be made in the currency chosen by the customers. Multiple currency operations are accepted, under the terms and conditions set out by the Bank handling the payment.

22 - Is the vehicle equipped with the GPS Tracker?

We inform you that for safety reasons part of our fleet is equipped with GPS locator. The hirer will access to the location data only in the event of (i) an alert due to disconnection or inhibition of the system, and / or (ii) failure to return the vehicle. The customer is aware and accepts this circumstance, refraining from interrupting or preventing correct operation.

By making the booking the applicant guarantees that the data provided is correct and the credit card indicated has sufficient funds to cover the related order, assuming any responsibility for the correctness and feasibility of the reservation.

In case of any changes made to the data provided by the applicant, it is the latter's responsibility to inform Goldcar thereof as soon as possible.

Goldcar reserves the right to refuse an order request or booking where the applicant fails to provide all the data required and necessary to use the services offered, or in the case of malfunctioning of the electronic systems or operating software, or of incorrect or incomplete information contained in the Website which is beyond the applicant's control.

In case of non-acceptance of the request, Goldcar undertakes not to apply any fees to be borne by the applicant and to contact (via e-mail, fax or phone) the applicant as soon as possible at the address provided by the latter to notify them of the failed transaction.

Goldcar reserves the right to make the necessary controls on the validity of the credit card used by the Customer at the time

of the booking request, through a simulated charge for an amount not exceeding 1 Euro; this amount will be charged to the Customer's credit card and, subsequently, credited back to the Customer according to standard banking times. This amount therefore does not constitute an advance payment or a deposit of any kind. Goldcar is not responsible for any illegal or improper use of the customer's credit card nor for any damage that may be caused to the customer as a result of transactions carried out using a credit card, which are beyond its control. Failure to make any payments due by you within the established time-limits shall determine the resolution of the booking agreement pursuant to Article 1456 of the Italian Civil Code, without prejudice to Goldcar's right to claim damages. Any changes in the price of the foreign products or services offered on the Website due to fluctuations in the exchange rate shall be borne in full by you.

Goldcar does not guarantee availability of all the booking services in countries other than Italy, and invites you to consult the official websites of the companies of the Goldcar group.

Goldcar Italy S.r.l. is not responsible for the booking services or simulated booking services available on websites other than the Website regardless of whether these are connected to third parties or companies belonging to or associated with the Goldcar group.
