g) The cost of repairs of the damages caused to the vehicle in the event of an accident, in any of the following circumstances:

- The vehicle was not used according to the agreed terms and conditions.

- The accident report form - either the DAAA - Amicable Accident Report or the Accident Report - was not completed and sent to Goldcar within 48 hours, or it is a misrepresentation of the facts.

- The damage done to the vehicle results from Your miscalculation in relation to its height.

h) The costs of the 'Accidents Administration Fee'.

i) Goldcar reserves the right to charge You a compensation for loss-of-income owing to immobilization of the damaged vehicle. Such compensation is calculated based on the number of days required to repair the vehicle, established by an independent party or, after the vehicle has been repaired, by counting one day for every eight hours of work invested by the garage and used as the base to quantify the daily rate at which the vehicle was hired. The days in which the vehicle is immobilized count as days in which the vehicle was not returned on the convened date, and thus the associated fee will also apply.

j) Administrative expenses for management of the complaint and recovery of the vehicle, in accordance with the provisions of clause 2 "Rental Period", in cases of delay and/or incidents when returning the vehicle;

k) The amount for the "Cross Border Penalty Non Authorized Countries".

l) Expenses arising from the loss, deterioration or damage of the compulsory approved child restraint device (the device itself or its cover, and the loss, misplacement or non-return thereof), wheels, tires (including punctures and bursts), tools, windows, mirrors, accessories, interior of the vehicle, as well as problems resulting from an error in the type of fuel used to refuel the vehicle.

The aforementioned amounts shall be charged by Goldcar directly to You using the same payment method used to hire the vehicle, upon conclusion of the procedure foreseen in paragraph 5. In all cases, Goldcar inform You of the charge that was made and the reasons for it, providing all the information possible.

6.3 Payment Method:

To pick up the vehicle is mandatory to show the credit or debit card with which the reservation was made. Two credit cards must be presented for the rental of Premium vehicles of the following categories F6, G1, G3, G5, G6, H6, J1, J3, K3, T6, U3, U5 and Y3 00. You must ensure that You have a sufficient balance in Your bank account to cover the requested deposit, which amount is specified in the Special Conditions, as well as all additional expenses listed.

The payment to rent the vehicle and any possible additional costs shall be made in Euros.

The payment of the rental and the provision of the deposit cannot be made by bank transfer.

6.4 Deposit:

In addition to the rental price, the Customer must provide a deposit to Goldcar, and must present a credit or debit card in their name with sufficient funds to guarantee the deposit amount and any additional costs that may result from the rental. The amount of the deposit is specified in the Special Terms and Conditions, as well as in the confirmation email the Customer received after booking, if You booked the vehicle via remote means of communication (website, mobile application or telephone). The purchase of additional protection for the vehicle, provided for in clause 8, may waive the need for a deposit.

The deposit will be released from the credit card or returned to the Customer's debit card after the vehicle has been returned and after Goldcar has proven that the vehicle is in good condition and that there are no other amounts to be charged.

The deposit will be partially or totally retained in case of non-compliance with the Agreement, to cover the amounts attributable to the Customer up to the limit of the excess indicated in the table in clause 6 of the Particular Rental Conditions.

7. VEHICLE RETURN SYSTEMS AND FUEL POLICY

The system employed for returning the rented vehicle is intended to regulate matters referring to the method of verification of the fuel upon return (check-in), the refueling service and the availability of the flexible return time service.

Without detriment to the linking of some policies to a specific rate, the following Vehicle Return Systems are available to the customer:

7.1 Fuel Vehicles

a) Quick Return System (SDR)

The Customer pays a deposit for a full tank and can return the vehicle regardless of the fuel level and without the need for any additional payment. At the end of the rental period, only the used fuel is effectively charged to the Customer. The Rapid Return System entails the provision of a fast and agile service for vehicle rental: the rented vehicle is handed over with a full tank of fuel and may be returned without the need to top up the tank so the customer is not obliged to search for petrol stations close to the drop-off location or to wait around unnecessarily while fuel levels are verified.

This system allows customers to reduce the time spent waiting for the rental agreement and check-in procedures, including verification of the fuel level, to be carried out; this enhances the quality of the service provided.

In addition, alongside the Quick Return System, the Customer may opt for the 'after hours return service', in accordance with Clause 15. The availability of this service is restricted to the Offices that offer this option.

The cost of this System will depend on the vehicle model hired, its fuel capacity, the price of fuel at the time the vehicle is collected and any service costs incurred ('CustosFlex'), by the following formula:

$$\text{SDR} = \text{Vehicle model (in litres)} \times \text{Price (€/litre)} + \text{'CustosFlex'}$$

Where:

1. Vehicle model (in litres): the capacity in litres of the fuel tank of the model of the vehicle rented by the Customer.
2. Price (€/litre): the unit price of fuel, which is in line with the acquisition price of those fuel.
3. 'CustosFlex': these correspond to any necessary costs for the services and benefits offered with this system. The price is associated with the specific vehicle model and can be consulted on www.goldcar.es/SDR

b) Classic Return System (SDC)

The Customer must return the vehicle to Goldcar with the same fuel level as it had when picked up. In case of non-compliance, Goldcar will charge the refueling fee and the missing fuel, in accordance with subparagraph b) of Clause 27.

This system does not include the package of rapid customer support services provided in the foregoing system. It is also necessary to follow vehicle check-in procedures for verifying the fuel level.

Similarly, the customer must pay a deposit equal to the value of a full tank, which will be refunded when the vehicle is returned once an inspection has been made to verify correct compliance with the conditions of this system.

Should the Customer fail to return the car with the same fuel level as it had when picked up, the cost of the amount of fuel needed by Goldcar to top up the tank will be deducted from the deposit, plus the value of €50.00 (fifty euros) for the vehicle refueling service. Where the deposit is less than the amount owed, the Customer agrees that the difference should be charged to their credit or debit card.

7.2 Electric vehicles

Goldcar will ensure the vehicle has a minimum battery level of 80% at retrieval. Regarding the return of the vehicle, Goldcar offers two systems:

The Full-Full system is the default system for all rentals: You must return the vehicle with a minimum battery level of 80%. If you return the vehicle with a battery level less than 80%, a recharging fee will be deducted from your deposit. When you retrieve the vehicle, it is your responsibility to check that the battery level indicated on the departure inspection is accurate. Any discrepancies must be reported to the Goldcar agent prior to departure. Returns below this level incur a 60€ fee in terms of EV Battery Breach Surcharge.

The Smart Return system allows you to return the vehicle without a minimum battery level of 80%. You will not be charged any recharging fees. This service can be purchased before the pick up for 35€/rental.

You must charge the vehicle using the cable supplied by Goldcar. If you use an unsuitable cable, you will be charged for any damage caused to the vehicle.

Any use of public charging stations must comply with their terms and conditions.

8. INSURANCE AND COVERS

8.1 Compulsory insurance

Rental rates include compulsory third party liability vehicle insurance, which ensures the payment of compensation for bodily and material damage caused only to third parties and people transported.

You are liable for paying the damages to the vehicle and/or equipment or devices installed therein that are attributable to You, up to the limit of the excess indicated in the Special Conditions, without prejudice to Your full responsibility for damages caused by willful intent, or by any other circumstances that are not covered by the Motor Third Party Liability insurance of Goldcar.

The Agreement automatically includes Damage Protection (Goldcar Basic Cover), which limits Your liability up to the limit of the amount of the excess indicated in the Special Conditions, for damages caused to the vehicle resulting from collision, theft, accidental fire and acts of vandalism.

8.2 Additional Protection

In order to reduce the deductible, the Customer may purchase the following additional protection services, valid during the period of the Agreement, which can be contracted at the time of picking up the vehicle or at the time of booking. Only the Customer and/or drivers authorized by Goldcar can benefit from these optional protections.

a) Relax Cover:

Optional service provided by Goldcar that eliminates the deductible for bodywork damage and reduces the guarantee deposit to €300.00 (three hundred euros).

This cover also includes basic roadside assistance.

Likewise, when subscribing to Relax cover, the costs associated with the vehicle's immobilization, in the event of an accident, will not be applied.

b) Super Relax Cover:

Optional service provided by Goldcar that completely eliminates the deductible and the need for a deposit. Therefore, the Customer will not have any amount retained on their bank card. The purchase of the Super Relax Cover does not eliminate the need to leave other deposits which may be mandatory according to the Particular Rental Conditions, the General Rental Conditions, and the Special Terms and Conditions, including the deposits regarding the Toll Service and fuel.

This cover also includes basic roadside assistance.

c) Mega Relax Cover:

If You purchase this protection, You do not need to pay any deductible, nor to provide a guarantee deposit. In this way, You will not have any amount retained on Your credit card, or temporarily charged to Your debit card. **The Mega Relax Cover can only be purchased if the customer has the Super Relax included and** does not eliminate the need to leave other deposits which may be mandatory according to the Particular Rental Conditions, the General Rental Conditions, and the Special Terms and Conditions, including the deposits regarding the Toll Service and fuel.

This cover also includes premium roadside assistance, which includes the entirety of roadside assistance services, the conditions of which can be found in the attached document Roadside Assistance Services Fee Application Procedure.

9. OBLIGATIONS OF GOLDCAR

Goldcar must:

- a) Inform the Customer in advance of the charging of the guarantee deposit for damage to the vehicle and proof of the same;
- b) Ensure the provision of a free assistance service to the Customer, available 24 hours a day, to report anomalous situations that occur during the execution of this Agreement;
- c) Ensure the provision of equivalent service or the availability of a superior vehicle in the event of unavailability of the previously contracted or reserved vehicle, or of breakdown, at no additional cost to the Customer.

10. OBLIGATIONS OF THE CUSTOMER

The Customer must:

- a) Pay, as soon as requested by Goldcar, all amounts arising from the signing of this Agreement;
- b) Ensure that the vehicle is properly closed when not in use;
- c) Ensure that the vehicle is supplied with adequate fuel;
- d) Do not smoke inside the vehicle;
- e) Contact Goldcar in the event of a vehicle breakdown and obtain its prior agreement for repairs;
- f) Reset all applications and multimedia features accessible in the vehicle, in accordance with clause 4.1.

The Customer undertakes not to use or allow the use of the vehicle:

- a) To transport passengers or goods in violation of the law;
- b) For sporting events or training, whether official or not;
- c) By any person under the influence of alcohol, drugs or any other substance that, directly or indirectly, reduces their perception and ability to react;
- d) By drivers not identified in the Special Terms and Conditions of this Agreement;
- e) Outside the national territory, without express authorization from Goldcar for this purpose;
- f) In any of the situations provided for in Clause 18.

11. ACCIDENTS AND CHANGES TO THE CONDITION OF THE VEHICLE

In the event of an accident or change to the condition of the vehicle, the Customer undertakes to adopt the following procedures:

- a) Inform Goldcar and request the presence of police authorities in any and all accidents, theft, robbery, fire, damage caused by animals or any other accidents, within a maximum period of 48 hours, except in duly justified cases of force majeure;
- b) Obtain the names and addresses of the people involved in the road accident and any witnesses, except in duly justified cases of force majeure;
- c) Do not abandon the vehicle without taking appropriate measures to protect and safeguard it, except in duly justified cases of force majeure;
- d) To send Goldcar a filled accident report form (Amicable Accident Report - DAAA), with the information he has regarding the occurrence, including the report elaborated by the police authorities, stating the number plate, the name and address of the third party, the circumstances of the collision, a sketch of the accident, the name of the third party's insurance company and,

if possible, the number of the insurance policy. All documents must be signed by the drivers involved in the accident. If there is no accident report form, the parties must complete a Claims Report ('Relatório de Sinistro') that will be provided by Goldcar.

The protections described in Clause 8 do not take effect in the event of an accident due to:

- a) Excessive speed;
- b) Driving under the influence of alcohol or narcotic products;
- c) Improper use of the vehicle, particularly in places and for purposes other than those for which it was intended, such as driving on unpaved roads and paths, forestry paths, mountainous terrain and beaches;
- d) Use in sports events or training, whether official or not;
- e) Transport of goods above the limit set out in the technical specifications and/or in the Single Automobile Document.

Failure to comply with this clause or the items set out in the second paragraph of Clause 10 renders the Customer responsible for all expenses incurred in repairing the vehicle and compensation corresponding to the period of its immobilization.

12. MILEAGE LIMIT

In the Smart +15 product, the Customer may only travel 100 (one hundred) kilometers daily. If this limit is exceeded, a fee of €0.40 (forty cents) per additional kilometer will be due as listed in subparagraph i) of clause 27 and in the Special Terms and Conditions.

13. ONE-WAY RENTALS

Subject to the availability of Goldcar rental stations, the Customer can return the vehicle to a station other than the one from which it was picked up.

If this method of return is chosen when concluding the rental agreement, the corresponding amount will already be included in the rental price, as specified in the Special Terms and Conditions.

If the Customer chooses, after the conclusion of the Agreement, to return the vehicle to a station other than the one where he picked it up, he must confirm the availability of the station directly with Goldcar prior to the return, and will be charged an additional fee at the time of return, as provided for in subparagraph j) of clause 27.

Returning the vehicle to a location other than that referred to in the Special Terms and Conditions, without confirmation from Goldcar in accordance with the previous paragraph, will result in a cumulative charge of the following amounts:

- a) rental amount corresponding to the days necessary to recover the vehicle and make it available to Goldcar, until it can be rented again;
- b) compensation for economic losses caused by the immobilization of the vehicle;
- c) the costs of travel, towing, repatriation, tolls and storage of the vehicle - when applicable -, to the place agreed in the Special Terms and Conditions for its return, as set out in Annex I.

Goldcar reserves the right to take the necessary legal action in any case of disappearance or non-return of the vehicle.

14. AUTHORIZED DRIVERS

Only the driver identified in the rental Agreement, or drivers duly authorized by Goldcar, may drive the vehicle.

For each additional driver of the vehicle, an additional amount must be paid, as described in subparagraph g) of clause 27 of the General Conditions and in the Special Terms and Conditions.

If the vehicle is driven by a driver not identified in the Agreement and duly authorized to do so by Goldcar, the Customer will be responsible for any damage caused to the vehicle by said driver.

15. AFTER HOURS RETURN

By agreement between Goldcar and the Customer, the vehicle may be returned outside the normal opening hours of the rental station.

If the Customer opts for this method of returning the vehicle, their responsibility for the vehicle (as well as any additional equipment contracted) remains until the station opens or until Goldcar inspects the vehicle, depending on the first moment in time to occur. Therefore, the Agreement will not automatically end when the keys are handed over and the vehicle is parked in the designated parking space, but only after the vehicle has been inspected by Goldcar.

If the Customer chooses this method of returning the vehicle, it is mandatory to:

- a) Leave any additional equipment in the trunk of the vehicle;
- b) Leave the vehicle parked safely in the location indicated by Goldcar, or, if this is not possible, in the location closest to the return station, so that it does not constitute a danger to others or impede traffic;
- c) Leave the vehicle key in Goldcar's mailboxes and inform us of the exact location of the vehicle.

Goldcar recommends that the Customer takes photographs of the vehicle to prove that it has been returned to the indicated location, before handing over the keys to the "Drop Box" key box (at stations where this service is available).

Once the inspection has been carried out and in the absence of damage, Goldcar will send the Vehicle Return Declaration to the Customer.

16. TOLL SERVICE

The Customer automatically adheres to the toll payment service (Via Verde), in accordance with current legislation, which, through the use of an identifier owned or rented by Goldcar, determines the value of the toll fees due for the use of electronic toll services available on road infrastructures (motorways and bridges) duly equipped for this purpose, allowing Goldcar to collect them.

The Customer is responsible for paying in full the amount corresponding to his use of road infrastructure during the term of this Agreement, as well as the amount owed to Goldcar for the use of the device and administrative costs incurred with the service.

For payment purposes, the Customer must provide a valid bank card and leave a deposit of €150.00 (one hundred fifty euros), thereby ensuring the existence of a sufficient balance in the corresponding bank account to cover payments due for debts that may occur subsequent to the detection of use of the road infrastructures mentioned in the previous paragraph, including debts that may occur after the end of the Agreement, provided that the use of road infrastructure that gave rise to such debts occurred during its term. This deposit is intended only to secure the payments for use of the road infrastructures abovementioned and is independent from the other deposits referred to in the Particular Rental Conditions, the General Rental Conditions, and the Special Terms and Conditions.

If the Customer does not use any road infrastructures equipped with electronic tolls (including SCUT) during the term of the Agreement, the value of the toll service referred to in the first paragraph shall be refunded at the end of the Agreement.

Goldcar will invoice the Customer and debit the bank card for the total amount of tolls actually due, together with the respective administrative costs, in accordance with the law. Said debits will be made as soon as Goldcar is notified of all applicable amounts and fees by the Toll Collection Entities, at which point, for all purposes, the Agreement is considered to have been fully complied with. The claim that the Customer paid the tolls due in another way, namely, at the location or at authorized points, does not exempt the Customer from paying them to Goldcar, which will debit the amounts due from the corresponding bank card.

The Toll Service is mandatory, under the terms of the law, and its non-acceptance shall mean that the Agreement and the rental of the vehicle may not go forward. If the Customer refuses or prevents Goldcar, in any way, from debiting payment of toll fees or other associated costs, he will be considered to have failed to comply with his obligations arising from the Agreement, incurring contractual liability.

17. PREMIUM LOCATION FEE

17.1 Premium Office: The Premium Location Fee is applied to all offices located within airport facilities in Portugal. An extra charge - stipulated below and which is already included in the final rental price - is applied to the basic rate and all extras booked both on the website and at the counter derived from the contractual rental relationship. This fee is not applied to any other additional charge:

- a) charges that may arise for any breach of the rental agreement;

- a) Oporto, Lisbon and Faro Airports: 15%;
- b) Madeira Airport (Funchal): 15%;
- c) Lajes Airport (Terceira Island): 15%;
- d) Ponta Delgada: not applicable.

18. NON-AUTHORISED USE

Unauthorized use by the Customer will be considered a contractual breach, automatically terminating the Rental Agreement unless otherwise stated by Goldcar. In this situation, the Customer must immediately return the vehicle to the location indicated, under penalty of it being removed, in accordance with the law, at his expense, and Goldcar shall be entitled to request compensation for damages and losses and to exercise the appropriate legal actions for the immediate recovery of the vehicle.

It is the customers' duty to use the vehicle with due diligence, in line with its characteristics, and to obey the current Highway Code and remaining legislation, avoiding any situation that might cause damage to the vehicle or to third parties.

Likewise, it is the Customer's duty not to allow anyone other than those authorised under this Agreement to drive the vehicle. The Customer is liable for any damage or loss to the vehicle or to third parties arising from a breach of such terms.

Failure to comply with the provisions of these sections will be construed as non-authorized use.

The Customer is fully liable for damage to the exterior and interior of the vehicle due to non-authorized use and must pay any expenses incurred as a result of misuse.

Non-authorized use includes, but is not limited to, the following cases, given by way of example:

- a) Pushing or towing another vehicle.

- c) Driving on unpaved roads or very poorly paved roads that could cause damage to the underside of the vehicle.

- j) Using the vehicle for unlawful activities.
- k) Transporting a number of passengers and amount of luggage not authorised for the vehicle.
- l) Manipulation of the odometer. The Customer must report any malfunction of the odometer to Goldcar immediately.

-
- m) Transport of luggage or any other item on the vehicle's roof, even when an adequate luggage rack is used for the purpose.
 - n) Dirtying the inside of the vehicle beyond what would be expected from reasonable and careful use.

 - s) Continue using the vehicle after the rental period has ended.

19. AGE AND DRIVING LICENCE

To conclude the Agreement, the Customer must be at least 21 years old, in which case the Customer must have held a driver's licence for at least one year, regardless of age. If the Customer is between 21 and 24 years old, an additional cost, based on the age of the driver, the vehicle category, the date of issue of the driving licence and the duration of the rental agreement, will be charged, as indicated during the booking process and in clause 3 of the Particular Rental Conditions.

20. JOINT LIABILITY

All authorised additional drivers are jointly liable for the Customer's obligations under this Agreement and the relevant laws that are applicable to same.

21. THEFT AND LOSS OF PERSONAL BELONGINGS

Goldcar is not to be held liable for items stolen, forgotten or lost inside the vehicle.

22. COMPULSORY APPROVED CHILD RESTRAINTS

Customers must notify Goldcar when children under three years old or older, but that are under 1.5 metres in height, will be riding in the vehicle, so Goldcar can provide an approved restraint, for the correspondent fee, for the weight and height of the person who will use it. The Customer is responsible for installing the restraint.
